"Ebony Walker is a leader and a woman of God who is truly a woman of many hats. She spoke at my event in January 2024 and her message was titled, "Empty the Clip, Sis!" Talk about impactful and attention grabbing! A lot of women took something from that message and left empowered to go all out, no excuses, and do what the Lord has called them to do. She is a woman of integrity with a heart to serve and I absolutely love her."

Tyshana Mabry-Diaz | Fayetteville, NC

"Ebony Walker is an awesome speaker. She graciously donated her time to speak to the Heart of Birmingham Chapter of the American Business Women's Association October 2024. As president of the chapter and a speaker myself, I took copious notes and found some tips I could use in my daily business and also use to implement in our chapter. She was compassionate, warm and very motivational. Her topic of "Say Yes to Your Next" challenged us to get out of our comfort zone and embrace new opportunities. She reminded us that we have a book within each of us and our challenge is to get busy and write that book in our own unique way. I encourage you to seek her out as she brings a fresh voice to motivate you to action. Well done!"
